**BOSCH**
Invented for life

[www.bosch-do-it.com](http://www.bosch-do-it.com)
The new Bosch PSM 200 AES Multi-Sander impresses with its high performance, excellent ease of use, outstanding handling and flexibility. It combines a wide range of sanding applications in one tool thanks to its continuously variable speed pre-selection, the two interchangeable sanding plates and the special accessories such as louvre sanding attachment and sanding finger.

Its triangular sanding plate is ideal for sanding corners, edges and medium-sized surfaces. It also comes complete with a rectangular sanding plate which enables larger surfaces to be sanded efficiently.
The PSM 160 A Multi-Sander.
Flexible and precise sanding at all times.

The PSM 160 A Multi-Sander from Bosch offers the right solution for many sanding applications. It sits comfortably in the hand and can be guided precisely thanks to its ergonomic design and its softgrip.

The SDS system enables easy changing of sanding plates and accessories, and clean sanding is ensured by the Bosch Microfilter System. With its 160 watt powerful motor and the triangular sanding plate, the PSM 160 A is excellent for corners, edges and medium-sized surfaces.

Even more versatile with the optional special accessories.

Suitable for bigger sanding jobs.
Flexible and precise sanding.

The new PSM 100 A.
Quick and easy sanding.

Small and handy – the new PSM 100 A Multi-Sander from Bosch. This lightweight, compact tool is effortlessly and precisely guided into any corner. Its ergonomic design allows for safe, comfortable handling.

The PSM 100 A is quickly ready for use and is ideal for small sanding and repair jobs. The PSM 100 A produces minimal dust during work thanks to the Bosch Microfilter System.

Quickly at hand and easy to control.
Ideal for small repair jobs.
The all-purpose PSM 200 AES.

Softgrip
For comfortable work.

200 W motor
For powerful sanding.

SDS system
For easy changing of sanding plates and accessories.

Rotating sanding plate
Prevents one-sided wear of the sanding paper and the plate.

Microfilter System
With vacuum cleaner connection for clean work.

Micro Velcro-type fastening system
For quick changing of the sanding sheets.

Continuously variable speed preselection
For material-specific work.

Rectangular sanding plate
Second sanding plate for sanding larger surfaces.

The PSM 200 AES, PSM 160 A, PSM 100 A and PSM Primo Multi-Sanders.
